

Yael Eshed-Eisenbach

Personal details:

Married, 2 children; Born: August 1978, Israel.

Israeli citizenship, Compulsory army service: 1996-1998.

Address: 11 Haela st Mazkeret Batia 76804

Phone: +972-77-8840282

Cell: +972-50-7590213

Email: yael.esched@weizmann.ac.il

Current academic position:

Staff scientist in the Department of Molecular Cell Biology, laboratory of Prof. Elior Peles, Weizmann Institute of Science, Rehovot, Israel.

Education:

2004-2009: Feinberg Graduate School of the Weizmann Institute of Science, Rehovot, Israel. Ph.D. degree, Biology, May 2009.

Department of Molecular Cell Biology.

Thesis topic: Mechanisms of node of Ranvier formation.

Thesis advisor: Prof. Elior Peles.

2002-2004: Feinberg Graduate School of the Weizmann Institute of Science, Rehovot, Israel. M.S. degree, May 2004.

Department of Molecular Cell Biology.

Thesis topic: Neuron-glia interactions in myelinated nerves.

Thesis advisor: Prof. Elior Peles.

1998-2001: The Hadassah Medical School of the Hebrew University, Jerusalem, Israel.

B.Sc. degree in Medical Sciences, June 2001, with high honors.

International Recognition:

Awards and Honors:

- John F. Kennedy Prize, the Feinberg Graduate School of the Weizmann Institute of Science, May 2009.
- Adams fellowship of the Adams foundation and the Israel Academy of Sciences and Humanities for 2005/2006. A four-year scholarship for outstanding doctoral students in the exact sciences, mathematics and the life sciences.
- Feinberg Graduate School Dean's list, 2006.
- The Hadassah Medical School Dean's list (Medical Sciences) 1999-2001.

Presentations at meetings:

1. Glia in health and disease, Cold Spring Harbor Laboratory, New-York, July 2006. Poster presentation, title: Gliomedin, a Schwann cell adhesion and ECM molecule, mediates the molecular assembly of the node of Ranvier.
2. Myelin Gordon conference, Lucca (Barga), Italy, May 2008. Poster presentation, title: Mechanisms of PNS node formation.
3. Society For Neuroscience annual meeting, Washington DC, November 2008. Poster presentation, title: Gliomedin: a Schwann cell mediator of sodium channel clustering. Eshed-Eisenbach Y, Feinberg K, Peles E.
4. ISN Satellite Meeting on Myelin Biology, Kolymvari, Crete, August 2011. Oral presentation, title: Proteolytic processing of gliomedin regulates the formation of nodes of Ranvier.

Publications:
